

You don't need it.

Waste to Charity will find it a home!

The IRS Foots The Bill.

What the hell are we talking about? Excess inventory. Carryover, Closeout. RMA's. X-Outs. Irregulars. Misprints. Products that your sales manager calls JUNK.

Waste to Charity is a Nationally Recognized, 501 C3 Non-Profit Organization that can help your company's bottom line. Our mission is to take America's corporate waste and make a difference in the world. We cross borders, religions, and oceans.

This is not a "tax-loophole", but rather a deliberate recognition on the part of the United States Congress, and the Legislature of the importance of donating to qualified, IRS approved Organizations. (When you contact us: We'll follow up with a copy of our IRS determination letter.)

Charitable giving is the best method of disposition for any company with excess, non-moving inventory. Why are FORTUNE 500 companies so notably generous? Maybe it's the prestige of helping a fellow human. **Maybe it's the federal income tax deduction.** How? Under Section 170 (e) (3) of the Internal Revenue Code, regular (C) corporations may deduct the cost of the inventory donated, plus half the difference between cost and fair market value. Deductions may be up to twice the cost. S Corporations gain similar relief.

Just fill out this form, and we'll do the rest: Besides reducing taxes, donating inventory to Waste to Charity helps your company free up valuable warehouse space, avoid problems with liquidators, and focus on your **MOST** profitable products. What can you donate? Look for underperforming SKU's, discontinued models or colors, seconds, buybacks, or returns.

We make it easy for to turn these obsolete items in to a huge deduction!
